# the Heatlie BBQ Series

## THE TOUGHEST BBQS AROUND

The Heatlie BBQ series includes some of the toughest BBQs anywhere in the world. All are designed and manufactured in South Australia since 1976 by dedicated Heatlie Engineers.

Originally designed for the commercial industry, the full range of Heatlie BBQs, built to last, are now available for you to enjoy at home.

These very practical, low maintenance & extremely hard wearing, quality BBQs are available in a range of sizes in your choice of deluxe stainless steel or powder coated finish to suit your requirements.

All Heatlie BBQs include the superior Ribbon Burner System which uses two precision machined burners to produce a superb, more even heat than the five burner BBQ.

It's no wonder the experts choose Heatlie.

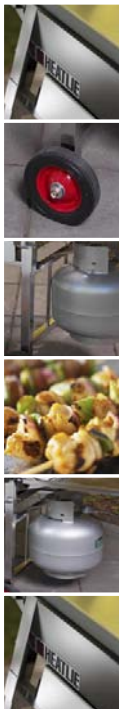

*"We are so pleased we chose the Heatlie Flat Top BBQ as we do a lot of entertaining at home. It is a very reliable, strong BBQ and our guests are always impressed with the delicious range of food we can cook on our Heatlie with excellent results every time"*

E. Scott, Balhannah, SA

### Heatlie BBQ Series FEATURES

- Superb cooking performance with the Heatlie Ribbon Burner System.
- Superior heat distribution with the unique left to right burner positioning.
- Solid 5mm oil quenched mild steel hotplate with raised edge to avoid unwanted flare-ups.
- Easy Auto Push Button dual piezo ignition for easy starting.
- Rear flue for improved heat flow.
- Externally fitted gas taps which prevents knobs overheating and melting.
- All Heatlie BBQs are covered for 2 years for domestic use and 3 months for commercial applications, by the Heatlie Warranty Policy.

- Spare Parts – all components are available as a spare part should the need arise.
- Quality long lasting rubber tyred steel wheels.
- Leg kits come complete with patented gas bottle bracket for easy bottle storage.
- Front valley for easy cooking oil/fat removal.
- Available in LPG or Natural Gas models.
- All Heatlie BBQs are approved by the Australian Gas Association

### Heatlie BBQ ACCESSORIES

- Warming Drawer to keep food hot before serving
- End table to provide extra space for serving
- Protective Cover which protects the hotplate when not in use and acts as a windshield when cooking
- Drain Extension for easy cooking oil/fat removal
- Optional 10mm steel hotplate
- Optional Flame Protection Device which cuts off the gas supply if flame is accidentally extinguished
- Vinyl BBQ Cover
