

The Heatlie HotBox

Introducing your new catering partner

The Heatlie HotBox with
deluxe stainless steel finish

The Heatlie HotBox

The perfect partner for serious caterers

Catering for a large crowd? Then look no further than the Heatlie HotBox.

The Heatlie HotBox is the ideal warming cupboard for any commercial environment. Designed specifically for the hire and catering industries, the HotBox performs like no other warming cupboard available in Australia.

Gas powered and completely mobile, the HotBox will add real value to your business. With its huge capacity and energy efficient design, the Heatlie HotBox allows you to keep large quantities of food at the right temperature until you're ready to serve.

Available in 6 shelf and 9 shelf models, additional shelves can be purchased to convert these to 12 shelf and 17 shelf models respectively. And the HotBox uses the Heatlie Ribbon Burner System to produce even heat with maximum energy efficiency.

Whatever food you need to keep warm, the HotBox will do the job for you.

It's no wonder the Heatlie Hotbox is the professional's choice.

Available in 6 and 9 shelf models. Additional shelves can be purchased to increase capacity
