

InVogue

by
Tesrol®

What is InVogue?

Discover InVogue, a stunning range of decorative board featuring twenty-four trending decors. With fourteen soft, silky, matte finishes in solid colours and ten woodgrains and prints, the options are endless. From bright whites and pastels to rich, dark hues, our solid colour range offers a wide selection to suit any style.

The woodgrains and prints boast a beautiful selection of timber look prints, perfectly complementing the solid colours.

Handpicked from European trends, our colour palette will breathe new life into your joinery projects, whether it's a kitchen, vanity, wardrobe, home office, or commercial space. Elevate your space with InVogue and let your creativity flourish!

What Sheet Sizes and Thicknesses are Available in InVogue?

InVogue is stocked and available 2400mm x 1200mm x 16mm on E0 MR MDF. InVogue is also available made to order laminated onto a wide range of substrates, sheet sizes and thicknesses depending on your project requirements, giving you great flexibility for your next joinery project. InVogue is a 0.2mm continuous pressed laminate which is often referred as CPL (Continuous Pressed Laminates) which is laminated with an extraordinarily strong PUR adhesive (Polyurethane Resin Adhesives) ensuring one of the strongest bonds for laminating laminates to the board.

Where are the Applications?

Looking to elevate your space? Our product is perfect for vertical applications used in kitchen cabinet doors, vanities, wardrobes, shopfitting, domestic and commercial furniture, internal doors, and more. Upgrade your joinery with our versatile solution today!
